...pathways to healthful living.

Kay Caskey, ACSW and Laurie Young, MA, LPC are Holistic Health Specialists and nationally recognized experts on the subject of health and humor.

In the past ten years they have given over 600 keynote presentations and workshops to such diverse organizations as the United States Post Office, Dow Corning, Henry Ford Health System, Thrivent Financial, and numerous health

care, educational, and human service organizations.

Laughter Works® programs are unique, memorable and enjoyable while providing concrete skills and strategies that involve the audience and reinforce the concepts. Programs are guaranteed to grow your brain, tickle your spirit AND they will teach you a skill that will change your life forever!

Kay and Laurie currently teach graduate classes offered through the Holistic Health Department at Western Michigan University where they are Assistant Professors.
